Ninth Graders To Register 12th

Registration Night

Registration for all students who will be in the ninth grade in September will take place April 12th at 8 p.m. in the Appomattox High School. The tuition for each pupil will be discussed by Segars-Jones Staff.

Schedule for the Evening

Welcome and Remarks—Mr. Segars

1. Business Education — Mrs. Bennett

Vocational Agriculture—Mr. Carter

2. Industrial Cooperative Training Program — Mr. McLean

3. Home Economics—Mrs. Thomas

4. Math and Science— Mrs. Terry Pollard

Offering Dollars For Investment

Standard Financial Corporation is planning an additional $10 million for investments in Virginia, it was announced today by Theodore H. Hilbert, president, at a meeting attended by prominent members of Richmond's business community.

The promise, Mr. Hilbert said, of a trillion dollar American economy in 1976 carries with it a potential of vast growth for many businesses, Standard Financial's extension of liberal credit to small business firms, he stated, will serve as an important stimulus to Virginia's economic development.

Vera

"The grass withereth and the flowers fadeth but the word of our God stands forever" Isaiah 1-3.

As we enter into the second spring month we hope for nicer weather.

Mrs. Charles H. Harvey and family were called to Wisconsin Thursday to attend the funeral of her mother Mrs. Harvey Grindeman on Saturday.

We are sorry to hear that Mr. Jim Torrence is in the hospital. We hope for him a speedy recovery.

We are sorry to hear of the illness of Mr. Martin Covington and hope for him a speedy recovery.

Mr. and Mrs. Ralph Robinson and Bobby spent the week end in the home of her parents, Mr. and Mrs. T. C. Harvey.

Mrs. T. C. Harvey and Mrs. Ralph Robinson and Bobby visited in the home of Mr. and Mrs. L. H. Waiker, Saturday.

Mrs. Richard Carson and Sylvia visited in the home of Mr. and Mrs. T. C. Harvey Sunday.

Little Bobby Robinson's birthday was celebrated Monday. He received a nice lot of gifts. He was two years old.

We are sorry to hear that Mrs. Jimmie Harvey is in the hospital and we hope for her a speedy recovery.

Feed Grain Program

Growers who participate in the 1965 feed grain program will have definite advantages over growers who elect not to participate according to J. A. Martin, Chairman, Agricultural Stabilization and Conservation County Committee.

First he explained, the diversion payment earned for reducing the farm's 1965 acreage of corn, barley or grain sorghum, becomes the participating grower of a substantial income from the diverted acres regardless of drought, flood, insects, hail or crop disease.

This is also true of the price-support payments which is made on the acreage planted in 1965 to one or more of the three feed grains — no matter what disposition is made of the crop. The price support payment is assured.

And, third, price support is available through loans and purchases on the participating farmer's entire 1965 production of the three feed grains.

Chairman Martin, the Chairman added, if the farm operation requests in advance payment of one-half of the estimated diversion payments will be made at the time of signing up or as soon as possible after that time.

Growers taking part in the feed grain program by diverting at least 20 percent of the farm's feed grain base acreage into an approved conserving use and carrying out other provisions of the program, if more than the minimum acreage is diverted, higher rate of payment will apply. Maximum diversion is 40 percent of the farm's feed grain base or 25 acres, whichever is larger.

The minimum rate of payment is based on one-fifth of the county's total price - support rate for the county and take into consideration the farm's support payment. A higher rate acreage for the minimum and Conservation County Committee.

First he explained, the diversion payment earned for reducing the farm's 1965 acreage of corn, barley or grain sorghum, becomes the participating grower of a substantial income from the diverted acres regardless of drought, flood, insects, hail or crop disease.

Need Names for History

Civil War Army Set-Up

The Union Armies generally were named after rivers, while the Confederate Armies took their names from states or regions. There were at least six Confederate Armies and twenty-three Confederate Armies during the Civil War.

Armies were the largest of the operational organizations being composed of corps. Standard organization was two companies to a regiment, three to five regiments to a brigade, about three brigades to a division, and usually three divisions to a corps. There seemed to be no set number of corps to an army.

Battalions, with the exception of just a few in the Confederate Army, did not exist in the infantry regiments but the heavy artillery was composed of three four-company battalions.

Co. K To Mark Battle Of Dinwiddie C. H.

One more note of interest from Bosiwell, *Civil War Dictionary*, from which the above was extracted. CLOVER HILL, Va., Apr. 1865 Engagement of XXIV Corps and Sorrel's and Gordon's of XXV Corps were commanded by known as APPOMATTOX COURT HOUSE.

Mrs. Tary Stadler who is writing a history of Appomattox County, is still looking for names of soldiers who fought in the Civil War, so, if you have any knowledge of such please contact me at the Times-Virginian.

Percents of Total Deaths

Fredericksburg, 1862; Suffolk and Manassas Gap, 1863; Flat Creek near Chula, Dewery's Bluff, Cold Harbor, and Howlett's Line near Parker's Battery in 1864.

The Dinwiddie Court House and Five Forks ceremony will be held Sunday, March 28, at 3 p.m. at the home of D. C. Bridgeman, state forest warden, on the property of Joseph P. Gilliam, of Burnt Quarter. To reach the site, follow State Rte. 627 or Route 613 to their junction north of Dinwiddie. This crossroads is near the scene of the two battles the results of which forced the Confederate Army to abandon Petersburg and Richmond, taking the road that led to Appomattox.

and in some cases decreased.

* * *

In the kitchen they are called convience foods. Around the barn they are formula feeds. And nationally the farmer has been taking them with as much enthusiasm as his wife has to cake mixes and heat and serve meals. According to the American Feed Manufacturer Association, the output of formula feeds is increased 75 percent from 1948 to 1962. Strange as it may seem sales of hog and beef cattle feeds have increased faster than those of dairy and poultry mixes.

* * *

If you plan to use a hand sprayer 12 gal. pressure type this year why not try one of the new "flooding tips" nozzels. These are suggested as doing a better job than even a double nagged that some people have used.

* * *

48 percent of the fine-cured tobacco acreage in Virginia is irrigated. And we can probably expect more. More willbe added to fire-cured tobacco farmer where acreage justifies or several farms combining their resources to permit irrigation. If a tractor is used as the source of power which these three! 1. High temperature. 2. Low oil pressure. 3. Loss of prime control. A centrifical pump can be used in series. Puts out some volumn of water at the pressure — same principal as a submersible pump Water cooled pumps are more efficient users of fuel than air cooled motors. On air is cheaper than water but requires more maintance. For long operations consider diesel engine however they are more costly initially. Power take-off pumps are probably the cheapest but they tie up a tractor. Consider hours of use before investing in a diesel. Minimum use should be 400 hours per year. Electric pumps require a 3 phase motor if extensive operation is undertaken that is more than 10 to 12 acres. In the irrigation line a valve control elbow will save money. A pressure guage should be "tapped" in at the elbow to determine pressure.

* * *

Have you ever tried to count up the number of young farmers in this county under 35? farming become a lost art? Wonder who will feed the world in another 20 to 25 years? Will

Ford Company Honors Salesmen

RICHMOND, — More than 350 Ford dealership car and truck salesmen in Ford Division's Richmond sales district will be honored for outstanding performance during 1965 at a banquet at the John Marshall Hotel in Richmond on Saturday, April 10.

Local Ford retail salesmen qualifying for awards include:

SALES AWARD: Juteon J. Morris, Grinels Motor Company, Appomattox.

200-500 CLUB L. Page Petty, Grinels Motor Company, Appomattox, Va.

LT. E. J. EDWARDS

Lt. E. J. Edwards Given AF Award

SAN ANTONIO, Tex — First Lieutenant Earnest J. Edwards, son of Mr. and Mrs. Earnest Edwards of Rt. 2, Pamplin, Va., has been awarded the U. S. Air Force Outstanding Supply Officer Certificate at Kelly AFB, Tex.

Lieutenant Edwards was selected for his commendable duty performance in connection with Air Force supply responsibilities.

The Air Force Chief of Staff each year names selected supply officers to receive the special award.

The lieutenant is assigned to Headquarters, San Antonio Air Materiel Area, at Kelly. His organization is part of the Air Force operational units with supplies, equipment and maintenance services.

A graduate of Robert R. Moton High School, Farmville, Va., Lieutenant Edwards received his degree in accounting from Virginia State College. He is a member of Kappa Alpha Psi. He was commissioned upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Lottie, is the daughter of Mr. and Mrs. Walter A. Payne of 120 Hartman Mill Rd., Charlottesville, Va.

Piney Ridge

'Believe on the Lord Jesus Christ, and thou shall be saved, and thy house.' Acts 16:31
